

SEMH Digital Resources and Links – Parents and Carers

Bromley Children Project

The project is a borough wide service that supports families living in Bromley to create a safe, secure and happy environment for all children, by reaching out to expectant parents, current parents and young people aged up to 18 years; particularly those who are struggling and are in need of additional help.

The Bromley Children Project is linked to all Children and Family Centres, and works with private, voluntary and independent Early Years providers in the borough.

The Children and Family Centres are open to all families although our services are targeted at families with children aged 0-5 and expectant parents.
