Part A: Pupil premium strategy plan

Statement of intent

The Pupil Premium is additional funding which is allocated to schools based on the number of pupils who have been eligible for free school meals (FSM) at any point over the last six years. The Pupil Premium is aimed at addressing the inequalities which exist between children from disadvantaged backgrounds and their peers. The percentage of our pupils eligible for pupil premium (8%) is significantly lower than the national average (20.8%) for primary schools. The Pupil Premium also provides funding for children who have been looked after continuously for more than six months and the children of service personnel. It is our intent as St Vincent's Primary School to erase the gap between disadvantaged pupils and their non-disadvantaged peers.

Overcoming identified barriers to learning is central to our Pupil Premium use. We identify barriers that need to be addressed and the interventions required, whether in small groups, large groups, the whole school or as individuals, and allocate a budget accordingly. We provide quality first teaching, targeted academic support for pupils who are not making the expected progress, as well as addressing non-academic barriers to attainment such as attendance, behaviour, well-being and cultural capital. Through our reporting, we demonstrate how and why, this funding has been spent, using research to guide our decisions. We ensure robust monitoring and evaluation takes place in order to account for the use of the Pupil Premium. This monitoring is carried out by the school and governing board throughout the year and allows us to be critical and confident that pupils are being given opportunities to excel.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	High number of disadvantaged children are currently not on track to reach the expected standard in reading, writing, maths and science.
2	High numbers of PP children also have diagnosed SEND needs.
3	Lower attendance of Pupil premium children, including persistent absentees.

4	Increased speech and language difficulties within our PP families and a lack of exposure to a wide range of vocabulary.
5	Pupils have limited experiences beyond their home life and immediate community.
6	Pupils and their families have social & emotional difficulties, including medical and mental health issues.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To improve outcomes for PP children in reading, writing and maths.	Literacy Progress –Reading 90%, writing 90% Maths Progress – Maths 95%,
To improve attendance rates of PP children.	Monitoring of attendance by Head teacher brings about an increase in PP pupils' attendance and a decrease in persistent absence.
Pupils have a breadth of experiences that enable them to contextualize their learning. School will deliver an engaging, broad and varied curriculum.	Children will be exposed to a wide range of social, cultural, enrichment and sporting experiences within (and outside) the school day.
To improve well-being of PP children	Mentoring in place, targeted children receiving support

Activity in this academic year
